Arcus Infrastructure Partners appoints Jordan Cott as Partner

Arcus Infrastructure Partners is very pleased to announce the promotion of Jordan Cott to Partner with effect from 1 March 2020.

Jordan joined Arcus in January 2016 as an Investment Director and he currently serves as Asset Manager for Constellation Cold Logistics. In addition to that Jordan also serves as a board member of E-Fiber. Jordan is a core member of the transport origination team and also co-leads Arcus' transaction sourcing efforts in the Benelux region.

Jordan brings over a decade of infrastructure market experience to the Arcus partnership, primarily as a principal investor. Prior to joining Arcus, Jordan was part of the private infrastructure investments team at Canada Pension Plan Investment Board (CPPIB), based in London and Toronto. Before that, he spent several years in M&A, structured finance and capital markets advisory with Scotiabank in Santiago and Toronto.

The appointment of Jordan to the Partnership further strengthens Arcus' senior team and proves Arcus' ability to promote outstanding talent from within the organisation.

Commenting on the promotion, Simon Gray and Ian Harding, Co-Managing Partners of Arcus Infrastructure Partners said, *"It is a great pleasure, on a personal and professional basis, to make this announcement. Jordan has demonstrated a strong dedication and an entrepreneurial spirit, providing valuable contributions to Arcus' investments, our culture and values. We look forward to working together as we continue Arcus' journey."*
